May23, 2007

**To Our Valued Distributors. . .**

Our website has changed!

View the new design at  
<http://www.northmanfp.com>.

Easily find detail on our products.  
Narrow your search by clicking along  
the paths in a product category until  
you have built a specific part number.  
Pictures, drawings and specifications  
are all a click away.

Our website will always be added to and improved so that you have the resources you need in the most logical way possible. We'll be putting up more technical information, for instance, and even a distributor log-in for secure information such as pricing. So keep checking back for changes!

Wishing you the best,

Jim Cubberly  
Product Manager
